

Summer Computer Classes

Grace Baptist Chapel, 2 weeks, Jun 4 – Jun 15, 2012

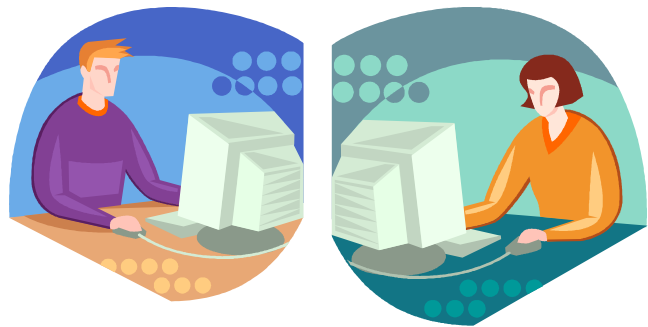

Computer Fundamentals (9-11am)

Any age, any ability – 16 hours of classroom/lab experience

Learn the basics or add some tools to your computing repertoire

Class size limited to eight students (or bring laptop)

- PC Orientation
- MS Office / Open Office
- MS Publisher
- Websites / Misc Topics

Microprocessor Workshop (1-3pm)

Students must be high school or older – 20 hours of classroom/lab

Learn hands-on with BASIC Stamp, PIC, TI MSP430, and Arduino μ processors

Computer skills can make a job easier or give it that needed edge

Many vocations require proficiency in basic computer applications

Suggested donation \$30 per student, Classes held at Grace Baptist Chapel
